Missouri State University - Springfield, MO

PROFESSIONAL SUMMARY

Computer Science and Mathematics student at Missouri State University with experience building and deploying full-stack applications and scalable cloud systems. Founder of a startup mobile application and developer of multiple production-grade platforms including a sports management, streaming and e-commerce site and a mobile bill-splitting app. Strong background in backend architecture, cloud infrastructure, and modern frontend frameworks with a focus on performance, security, and real-world product delivery.

KEY COMPETENCIES

- Full-Stack Web Development
- Backend API Design
- Cross-platform Development
- Mobile Application Development
- Database Architecture
- Product Development & Startup Operations
- Cloud Infrastructure (AWS, EC2, Redis, Postgres)
- DevOps & Deployment Automation
- System Debugging & Optimization
- UI/UX & Interactive Design

TECH STACK

Languages: Typescript, Javascript, Java, Swift, Rust
Frontend: React, React Native, Expo, SwiftUI
Backend: NestJS, SpringBoot, Node, Axum
Database Tools: Postgres, Redis, Firestore, TypeORM
DevOps: AWS (EC2, S3, SM, SNS, SES), PM2, Docker, Github Actions, Cloudflare, NGINX

PROJECTS

- Even Dating LLC** Dec 2025 - Present
Founder & Lead Developer | *React Native, NestJS, PostgreSQL, AWS SNS, Cognito, S3, SM, and EC2*
- Built a full-stack location-based dating app for college communities
 - Designed backend APIs, authentication systems, and swipe matching logic
 - Deployed scalable infrastructure using AWS and Redis
- Missouri State Lacrosse (501c NonProfit)** September 2025 - Present
Technology Chair | *React, SpringBoot, Cloudflare, Google Index, Firebase Auth, AWS EC2, SES, S3, and SM*
- Developed platform for team media streaming, management and merchandise sales
 - Integrated payment processing and merchandise fulfillment systems
 - Maintained hosting infrastructure and content delivery

WORK EXPERIENCE

- Missouri State University** August 2025 - December 2025
Grading Assistant | *Department of Mathematics*
- Assisted in grading for the course MTH 345, Statistics for Scientists and Engineers with a focus on standard probability and statistical distributions.

EDUCATION & CERTIFICATIONS

- Bachelor of Computer Science (BS)**
Missouri State University
- Bachelor of General Mathematics (BS)**
Missouri State University

EXTRACURRICULAR ACTIVITIES

- Missouri State Lacrosse**
Technology Chair
- Kappa Mu Epsilon**
Member
