Missouri State University - Springfield, MO

TECH STACK

Languages: Typescript, Java, Swift, Rust

Frontend: React, React Native, SwiftUI

Backend: NestJS, SpringBoot,

Database Tools: Postgres, Redis, Firestore, TypeORM

DevOps: AWS (EC2, S3, SM, SNS, SES), PM2, Docker, Github Actions, Cloudflare, NGINX

KEY COMPETENCIES

- Full-Stack Web Development
 - Backend API Design
 - Cross-platform Development
 - Mobile Application Development
 - Database Architecture
 - Product Development & Startup Operations
 - Cloud Infrastructure (AWS, EC2, Redis, Postgres)
 - DevOps & Deployment Automation
 - System Debugging & Optimization
 - UI/UX & Interactive Design
-

PROJECTS

Even Dating

December 2025 - May 2026

Founder & Lead Developer | *Swift, SwiftUI, NestJS, PostgreSQL, AWS SNS, Cognito, S3, SM, and EC2*

- Built a full-stack location-based dating app for college communities
- Designed backend API, integrated authentication systems, and swipe matching logic .
- Deployed scalable infrastructure using AWS and Redis with 99.9% uptime.

Missouri State Lacrosse (501c NonProfit)

September 2025 - Present

Technology Chair | *React, SpringBoot, Cloudflare, Google Index, Firebase Auth, AWS EC2, SES, S3, and SM*

- Developed platform for team media streaming, management and merchandise sales used by 50+ people.
- Integrated payment processing and merchandise fulfillment systems handling over \$3000 in sales.
- Maintained hosting infrastructure and content delivery with streaming boasting a 100% uptime during use.

VERSA

April 2026 - May 2026

Author | *Typescript, React, Golang, Rust, Loro, PostgreSQL, WASM, UniFFI, Swift*

- Built a real-time collaborative sync architecture in Rust using Loro CRDTs for shared conflict resolution.
 - Compiled a single core to a Swift XCFramework (UniFFI) and WASM module (wasm-bindgen) for iOS and web parity.
 - Designed a stateless Go WebSocket relay fanning out binary diffs for local merging via version vectors.
-

WORK EXPERIENCE

Grading Assistant

August 2025 - December 2025

Missouri State University | *Department of Mathematics*

Assisted in grading for the course MTH 345, Statistics for Scientists and Engineers with a focus on standard probability and statistical distributions.

EDUCATION

Bachelor of Computer Science (BS)

Missouri State University '27

Bachelor of General Mathematics (BS)

Missouri State University '27

EXTRACURRICULAR ACTIVITIES

Missouri State Lacrosse

Technology Chair

Loro CRDT
